## PROFILE

I am a 3rd year student of the Faculty of Information Technology at the Czech Technical University in Prague and a graduate of one semester at NTU in Singapore. My portfolio consists of projects using many different technologies and programming languages. These projects are part of my studies and personal interests. I am constantly looking for new opportunities to learn and develop in the field of software engineering. I plan to complete my bachelor's degree in 2026 and am looking for a job in the field of software engineering, as well as help with my bachelor's thesis.
